## TRAINING FOR SECURITY PERSONNEL

Our Learning Modules are interactive, efficient and cost effective. However, HSMT Academy understands that some like to rely on In-Class training programs.

We are pleased to announce that we offer In-Class security training programs.

Our training programs cover background, theoretical and practical aspects, demonstrations, workshops and role-plays, as well as a series of tests as part of a complete evaluation and certification process.

We offer the following options for In-Class training programs:

1. HSMT Academy offers a week long certification courses designed for a current Security Managers and Director aiming to enhance their certification portfolio.

Topics include:

- Terrorism's Threat on the Hotel Industry Security Planning
- Data Information Security
- Investigation Techniques
- Crisis Management
- Managerial Liabilities

2. HSMT Academy also offers 1-3 days training seminars designed to assist security agents and Hotel staff person in enhancing their security training.

Pre-requisite:

Various - Depend on course
