

SECURITY AWAERENESS by HSMT Academy

Taking a proactive approach can prevent emergency situations and save lives

While tourists and business travelers alike, expect to feel Safe during their hotel stay, staff members are taking proactive approach in providing the security and safety measures to achieve that. When all the hotel employees function in a cohesive way, the integrity of the hotel is maintained and can provide a safe and secure hotel environment. Those measures are part of the services provided by hotels and a crucial consideration when making a reservation.

from the #1 proven professional threat management in the world

HOTEL SECURITY AWARENESS training is designed to help you understand, detect, deter and even foil hostile activity from happening in an interactive and time efficient manner.

Within 60 minutes of this advanced CBT program, the trainee will develop the skills to become a security asset for the hotel. Applying those skills will create a safer environment and increase the hotel guest stay experience.

HOTEL SECURITY AWARENESS is designed to train your employees the ability to identify potential dangers with "Security as a Service" in mind, the skills to apply initial measures and alert law enforcement agencies.

HOTEL SECURITY AWARENESS covers basic risks & threats assessment, principles and practical action guide, ongoing and emergency procedures, techniques and more written by TOP professionals and experts in the field.
